IDEAS TO ENGAGE ALUMNAE ASSOCIATION MEMBERS VIRTUALLY

1

PHONE CALL CHAIN

This one is a throwback! Chapters used to create phone chains to keep all members in the loop and check in. Each sister would receive a call from a sister and then call the next sister on the list. It's fun to check in and ensure that all members of your association are engaging with sisters.

2

BOOK CLUB

We've created a list of all time favorite books from members of the IHQ staff, International Governing Board, Foundation Board and National Housing Corporation Board! Choose a book to read with your group from the list or select your own! Then schedule a time to connect and discuss the book over video chat.

3

HAPPY HOUR/ COFFEE DATE

Engage sisters virtually by hosting a virtual happy hour or coffee date! Use Facetime or Skype to chat one on one for a coffee date. Use Zoom or Google Hangouts to host a virtual happy hour with your association! This is a chance to connect and build deeper connections remotely.

4

GIRLS NIGHT

Host a virtual girls night with your association. Set up Netflix Party to stream a movie for anyone that wants to participate. Encourage members to participate in their own self care with facemasks and fun treats!

5

PROFESSIONAL DEVELOPMENT

There are tons of companies offering their professional development webinars for free during this time! Find your favorite webinar or a few to choose from. Send it out to your membership for them to watch in their free time. The webinar can then be discussed in small groups or during a virtual alumnae association meeting.
