## PSI HOUSE

HOUSE DIRECTOR: NANCY LEE

Delta Phi Epsilon's global purpose is *To Create a Sense of Belonging for **all** Members*. We strive to create living-learning spaces that allow our members to develop their sisterhood, foster leadership and focus on academics. Delta Phi Epsilon chapters call a variety of spaces "home." From large houses to chapter suites, all of these spaces provide an opportunity for sisters to build lifelong bonds and create cherished memories.

At the University of Georgia, members of the Psi chapter of Delta Phi Epsilon have the opportunity to live in one of seven bedrooms with fifteen of their sisters overseen by a full-time House Director. Members are provided a daily well-balanced meal service, quiet rooms for studying, and smoke, alcohol, and drug-free living spaces. In 2020, Delta Phi Epsilon will break ground on a multi-million-dollar renovation that will be beautifully constructed and designed by local construction and interior design teams.

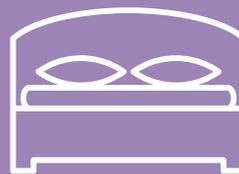

By living in a Delta Phi Epsilon home, our members are choosing an option that is safe, healthy, affordable, and comfortable and that encourages personal and professional growth and success.
